SUMMARY

An **Experienced .NET Developer** proficient in **ASP.NET Core, React.js, MySQL, SQL Server, and Node.js**, with a strong track record of developing scalable web applications and APIs. Skilled in **Git, GitHub, Postman, Azure DevOps, CI/CD**, and web hosting platforms. Dedicated to delivering high-quality solutions.

EXPERIENCE

Software Developer | Park Intelli Solutions, Coimbatore *January 2025 – Present*

- Currently developing scalable modules for **Mako Score**, a performance analytics platform, using **ASP.NET Core and React.js**.
- Integrating APIs for real-time data processing and collaborating with cross-functional teams to enhance system functionality and user experience.

Software Engineer | PSG Software Technology, Coimbatore *May 2023 – December 2024*

- Developed and maintained robust web applications using **ASP.NET Core API** and **ASP.NET Core MVC**, ensuring high performance and scalability.
- Implemented efficient database designs with **MySQL and SQL Server**, optimizing data retrieval and storage processes.

Junior Program Analyst | Latlon Technologies, Coimbatore *January 2022 – April 2023*

- Designed and developed **RESTful APIs** using **ASP.NET Core API**, facilitating seamless front-end and back-end communication.
- Conducted comprehensive testing using **Postman** to validate API endpoints and ensure functional requirements.

PROJECTS

Mako Score — Business Care Software

- Developed a secure, user-friendly application to streamline business workflows and performance analytics for US-based companies.
- Utilized ASP.NET Core, React.js, MySQL, and API integrations to ensure reliability and data security.

ClinanG — Health Care Software

- Developed a secure, user-friendly healthcare application to streamline **patient care and medical workflows**.
- Utilized **ASP.NET Core, MySQL**, and API integrations to ensure reliability and data security.

PSG - Hostel Management Software

- Developed a secure, user-friendly hostel management application to streamline **student and hostel administration workflows**.
- Utilized **ASP.NET Core, MySQL**, and API integrations to ensure reliability and data security.

SKILLS

- **Frameworks & Technologies:** ASP.NET Core API, ASP.NET Core MVC, Node.js, React.js, jQuery, HL7 Parser, Microservices
- **Databases:** MySQL, SQL Server
- **Tools & Platforms:** Git, GitHub, Postman, Kafka, Zookeeper, Azure DevOps, CI/CD, Web Hosting Platforms
- **Methodologies:** RESTful APIs, Agile

EDUCATION

B.Tech | Mohamed Sathak Engineering College, Kilakarai *August 2014 – September 2018*

- **Core Courses:** Programming Languages, Data Structures, Algorithms, Database Management.
- **Specializations:** Web Development, Cybersecurity, Artificial Intelligence.

AWARDS & RECOGNITION

- Recognized **with a Letter of Commendation at PSG Software Technology**

ADDITIONAL INFORMATION

- Strong problem-solving skills and a collaborative team player.
- Adaptable to new technologies and committed to best practices.
- Excellent communication and attention to detail.
